PROFILE

With 2 years of web development experience, I am dedicated to staying up-to-date with the latest industry trends and technologies. I am eager to work on diverse projects and collaborate with other developers to improve my knowledge and skills. I approach every project with enthusiasm and attention to detail, striving to deliver high-quality code that meets client needs.

EDUCATION

BS IN INFORMATION TECHNOLOGY
Palawan State University
2013 - 2018

EXPERIENCE

FRONTEND DEVELOPER (Partime)

Bluehive Ph - Quezon City, Metro Manila - Wfh
August 2022 - September 2022

Managed front-end development and collaborated with the back-end development and project manager for various projects. My responsibilities included API integration and providing daily and weekly updates on project progress.

FULLSTACK WEB DEVELOPER (Freelance)

WerOrg - Florida, USA - Wfh
January 2022 - April - 2022

Successfully rebuilt the back-end application of an e-commerce site, adding translation capabilities and fixing minor onboarding issues. Additionally, I addressed some SEO-related issues on a live website. As part of my responsibilities, I handled the cPanel to upload code changes.

SOFTWARE DEVELOPER

Cloud Panda Phils Inc. - BGC Taguig, Metro Manila
October 2019 - March 2020

Collaborated with other developers to build both government and internal websites. Additionally, I worked with QA testers to fix bugs in other projects. My responsibilities included uploading code to Bitbucket and updating the status of tasks on our project management tool.

JR. WEB DEVELOPER

International Payment Processing - PPC, Palawan
May 2018 - April 2019

Collaborated with junior and senior developers as well as my supervisor on minor or major tasks. Additionally, I managed to build a solo project with some assistance from other developers.
